Being **QUORATE** relates to governors only, not Associate Members. The quorum for any committee meeting (and for any vote) must be three Governors who are members of the committee (or more) as determined by the committee. For a committee to have **Delegated Authority** on any matter there must be three governors present when making any decisions. If this is not possible, the committee can operate in the same way as a Working Group - do the work and make recommendations to the governing body but not make the final decision.
